Fine Art Photography by Janice Robocon

I began taking pictures with a little 110 Kodak Camera as a child. Since then, I have moved from Canon to Hasselblad and on to Digital. But the one thing that hasn't changed is my love for photography and art. I have always loved taking pictures, and my goal is to provide the 'perfect' portrait for every person.

Nonetheless, taking the picture is only one part of a great photo. Following each photo session, I carefully edit the photos to create high quality digital images that can be displayed as gallery images in the home or online.

When it comes to printing the images, I use a couple of professional labs – one in Canada and one in Italy. The pictures are professionally printed on premium-quality paper, and each print is coated with luster, glossy, or metallic finishes for further protection. Print sizes 11 x 14 and larger are mounted to be displayed as gallery prints without glass.

Choosing to have your pictures professionally printed ensures clear, color-corrected portraits every time. They are second to none. The archival quality of professional printing is the only way to guarantee perfect prints for years of enjoyment.

Thank you for letting me capture your special moments.

Janice Robicon

## PRESENTATION BOXES

Presentation boxes are hand crafted in Italy for the ultimate in luxury. They are personally embossed with gold or silver foil, and each box holds up to 16 prints. Prints are individually matted, and can be stored in the box or displayed with a walnut stand (included). Prices available upon request.

## ACRYLIC GALLERY IMAGES

\*These luxurious gallery images are printed on acrylic and set in a shadow box frame for a floating effect. They can also be set in a traditional frame or hung without a frame with small metal hangers. Prices below include the shadow float frame. Additional sizes and options are available upon request.

8 X 10 - \$320

8 x 12 - \$380

11 x 14 - \$460

16 x 20 - \$650

20 x 24 - \$790
